Subject: Summary of Requirements in Response to Letter, Requirement to Post Reclamation Surety, Al Dart, Century Mine Site, S/003/048, Box Elder County, Utah

Dear Mr. Dart:

Thank you for your recent inquiry responding to the Division letter, Requirement to Post Reclamation Surety. This letter provided information about the recent rule changes resulting in reclamation surety requirements for small mines within the state of Utah.

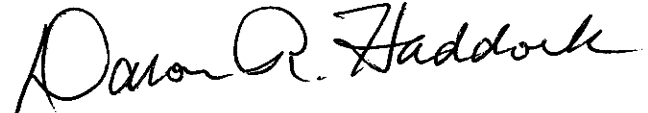

It has been determined the required bond amount for your permitted site of five (5) acres is \$18,600.00. Beth Ericksen, Surety Coordinator, has received an email request from America First Credit Union asking for surety information. Mr. Gary Gillespie of Century Gold Mining and Milling, Inc. has initiated this inquiry. If Mr. Gillespie is actively taking over mining activities associated with the site, you may want to consider a mine permit transfer. Otherwise, the surety must be titled in the name of Al Dart (an individual). Please coordinate the surety requirement effort with Mr. Gillespie to ensure the surety titling is correct. It is the Division's understanding the surety will be in the form of a letter of credit. Ms. Beth Ericksen has emailed the requirement details to complete the letter of credit to Ms. Joanna Kellerstrass, America First Credit Union.

In addition, please find enclosed a small mine reclamation contract that requires your notarized signature. Return the original to the Division, attention Minerals Regulatory Program.

Please ensure these required actions gain your prompt attention so this permit is in compliance with state regulatory requirements. If you have any questions or require discussion regarding the content of this letter, please contact Beth Ericksen (801) 538-5318.

Sincerely,

A handwritten signature in black ink that reads "Daron R. Haddock". The signature is fluid and cursive, with the first name "Daron" being more prominent than the last name "Haddock".

Daron Haddock
Permit Supervisor
Minerals Regulatory Program
